

**U.S. Japan Cooperative Medical Science Program (USJCMSP)  
Conference on Functional Genomics**

**Princeton, New Jersey  
Thursday, September 4, 2003  
8 :00 a.m.-5:30 p.m.**

**Princeton University Campus  
Lewis Thomas Building  
Auditorium (Room 003)**

**Draft Agenda**

- 8:00 AM     *Coffee/Tea*
- 8:30 AM     Welcome and Opening Remarks
- Princeton University, (To be determined)
- Dr. Adel Mahmoud (U.S. Chairperson)
- Dr. Yoshifumi Takeda (Japan Chairperson)
- 9:30 AM     Dr. Ashley Haase (University of Minnesota)  
              “Functional Genomics and HIV-1 Infection in Lymphatic Tissues”
- 10:00 AM    Dr. Hidetoshi Inoko. (Tokai University School of Medicine)  
              “Whole Genome Scanning: Mapping of Genes Involved in Common  
              Diseases by Microsatellite Markers”
- 10:30 AM    *Coffee/Tea*
- 11:00 AM    Dr. Samir M. Hanash (University of Michigan/Ann Arbor).  
              “Human Proteome”
- 11:30 AM    Dr. Ryo Yamada, RIKEN, Yokohama  
              “Whole Genome Linkage Disequilibrium Mapping with SNPs to Identify  
              Common Disease Associated Genes”
- 12:00 PM    *Lunch (On Your Own: Campus Food Center)*
- 1:30 PM     Dr. Sridhar Ramaswamy (Dana-Farber Cancer Institute).  
              “Microarray Approaches to Cancer Diagnosis and Cancer Biology”

- |         |  |
|---------|--|
| 2:00 PM | Dr. Dennis Sgroi (Harvard University)<br>“Functional Genomic Analysis of Breast Cancer Using Laser Capture Microdissection”      |
| 2:30 PM | <i>Coffee/Tea</i>  |
| 3:00 PM | Dr. Takehiko Sasazuki. (International Medical Center of Japan)<br>“Autoimmune Thyroiditis and a Functional SNP of Antisense RNA” |
| 3:30 PM | Thomas Shenk (Princeton University)<br>“Cytomegalovirus Latency”   |
| 4:30 PM | Summary (Japanese Rapporteur)<br>Summary (USA Rapporteur)  |
| 5:00 PM | Closing Remarks, Drs. Takeda and Mahmoud   |
| 5:30 PM | U.S. Delegation Reception - Foyer of Carl Icahn (Genomics) Building  |
